

Danny Thomas

Director
Agribusiness

Danny commenced employment with the company in March 2008 and heads up the recently developed Agribusiness Division. Danny has a strong rural background with practical experience on his family's farm in Northern Victoria. Having worked across many asset classes since commencing his career with Valuer General Victoria in 1997, Danny has specialised in the valuation of rural property and compulsory acquisition valuations. The latter involves assessing compensation for both urban and rural properties. The former involves valuations for various purposes, including pre-purchase, first mortgage, sales/divestment, asset structuring and general advice.

Qualifications

Associate of the Australian Property Institute (AAPI - Victorian Division)
Bachelor of Business (Property) RMIT
Certified Practising Valuer
